PPN	—	—		

e.g. PPN-0.45-10AAV

Packaging	9"	10"	20"	30"	40"
	9 at 4kg	9 at 4kg	12 at 9kg	12 at 13kg	12 at 18kg

Features & Information

- Hydrophillic Nylon 66 membrane with polypropylene support layers
- No fibre release in accordance with pharmaceutical requirements
- Flushed with ultra pure water
- 100% integrity tested
- BS6920 compliant and offering 5 micron sizes, 5 standard length options and 9 end cap choices, this range is versatile in its application suitability and capabilities
- Cartridges and end-caps are thermally bonded as opposed to glued, ensuring no leaching of adhesives into the filter stream
